A genre-bending artist, Author anonymously collaborates with a cast of the industry's hottest talent to create hit records.

A talented rapper and musician; Young Author can be found in the studio, on stage, and in the club, demonstrating an intoxicating mastery of music.

This young recording artist toured America like a veteran, creating music and networking with top engineers along the way.

Mysterious and provocative, Author is a charming paradox.

Breaking into the scene with a 2021 Pop-Punk/Hip-Hop Hit "Blink 182"; Young Author is now hinting at delivering a sweep of certified hits in 2024.

In his downtime, Author connects aspiring artists to established engineers through his music collective: Big House.

Overseeing studios, and working with non-profits to give back to his community;  
Young Author is one of those creative revolutionaries that you really like hanging out with.
